

TECHNICAL FEATURES

Cartridges don't mix colors while filling in vacuum chamber, thanks to chromium apparatus which is suitable many cartridges.

All black and color cartridges with felt can be filled with vacuum chamber.

Ink volumes can be adjusted by seeing.

Vacuum level adjusted automatically and seen with vacuum gauge.

Useful and strong ink valves.

Quick changed ink syringes.

Practically used vacuum cover.

Chromium body, follow operation with sound (buzzer), design for no need to extra device, low energy consumption, microcontroller based control.

Ink tanks can be enlarged and changed easily.

Design for easy to maintenance.

Power Supply : 220V 50Hz, (110V or 12V optional)

Dimensions : 40x35x39(h) cm.

Weight : 16 Kg +/- %6

Cartridge models can be filled: All black and color cartridges with felt.

Useful and strong ink valves..

***Chromium apparatus
that obstructs mixing colors..***
